

IN MEMORY OF THE FINAL TAPS

School Children Anticipate Celebration of Decoration Day.

PROGRAMME FOR TUESDAY

ARRANGEMENTS MADE FOR A FITTING OBSERVANCE.

The pupils and teachers of the city schools anticipated the Memorial day spirit yesterday by having some recognition of the day in the school exercises for the afternoon. At most of the large schools the older pupils were assembled in the afternoon, and after a brief patriotic programme, the addresses on the significance of the day from veterans of the Civil and Spanish-American wars.

At the Lowell school, following the programme, a reception was given in the ballroom on the second floor of the building. Here ample preparations had been made in the way of decoration and refreshments, and the floors were covered with rugs and seats arranged for the guests. Punch was served by a bevy of the older girls of the school.

At the Ogden school, Judge J. M. Newman addressed the pupils of the eighth grade on "The Significance of the Day." A brief patriotic programme was rendered. Although the general plan of having all the schools visited by G. A. R. veterans was not carried out fully, many of the larger schools had addresses from prominent citizens.

Banquet at One School.

A banquet was given to the Eighth A. class of the Lafayette school by the Eighth B. class. The tables were arranged in the lower hall. About 25 persons were present, including pupils from both classes and the teaching corps of the building.

There were speeches by W. J. Newman, Samuel Dwyer and W. A. Wetzel. James McKee, William Hall and Jesse Dye responded to toasts. At the conclusion of the dinner a large cake was presented to the graduating class.

Tonight the Eighth A. class will be entertained at a dancing party to be given in their honor by Rooms E and J. The Eighth B. class has also been invited to take part in the party. The party will be given in the Twenty-first Ward amusement hall. The following list of patronesses will have charge of the affair: Mrs. Helen S. Wells, Mrs. J. Golden Kimball, Mrs. E. S. Jennings, Mrs. Seldon Clawson, Mrs. P. N. Cooke, Mrs. W. C. Spence, Mrs. R. E. Hanna, Mrs. Florence Morris, Mrs. J. A. Evans and Mrs. J. M. Sjofahl.

Arrangements for Memorial Day.

The joint committee on arrangements for the G. A. R. Memorial exercises met last evening and perfected arrangements for their parade and cemetery exercises Tuesday next.

The utmost enthusiasm was manifested, and the "old boys" congratulated themselves on the prospect for an unusually fine turnout on that day.

Satisfactory responses accepting invitations to take part in the parade and exercises were received from the commandant at Fort Douglas, the governor and his staff, the city council, the National Guard, High school and all Hallways cadets, the Uniformed Veterans of the United States, the Veterans of the Automobile club, the Veteran Volunteer Firemen's association and the city fire department. The unique feature of the parade will be the machines of the Automobile club, whose members are enthusiastic and patriotic, and are vying with each other in the embellishment of their machines.

G. P. Davis, commander of the McKean post, has been selected as grand marshal; Captain E. G. Steiner, marshal of the second division; Colonel W. P. Rowe of the third division. These officers and an efficient staff are doing everything possible to make the parade a success.

Line of March.

The line of march will be on Main street from Third south to Third Temple, commencing about 10 o'clock. All old soldiers and sailors are invited to join the parade. The G. A. R., Philippine Veterans, Black Hawk War Veterans, and officers of the Relief Corps and of the Circle of the G. A. R. who join in the parade, will assemble at the First Methodist church, at 10 o'clock. The line will move at 10:15 a. m., as the column will move at 10 o'clock.

The oration will be delivered by Rev. Elmer J. Goshen; Rev. T. W. Pinkerton and W. A. Ritter will speak at the First Methodist church. Appropriate exercises will be held at the Fort cemetery. All parades having flowers to donate are requested to send them to 25 South West Temple street on Monday, or to send them to the flower committee, G. A. R., at that address, who will send them.

RABBI C. J. FREUND DISCOURSES

Tells a Large Assemblage That More Reverence Is Due Soldier-Dead.

Rabbi C. J. Freund discoursed last night in Temple B'nai Israel on "Memorial Day and the Lessons It Teaches." A special musical programme was rendered, and there was a large assemblage present, including many G. A. R. veterans and their families.

Rabbi Freund said that while it has become customary to regard Memorial day as the day when the brave men who upheld the flag on many a hard-fought battlefield, still Memorial day was a day when many a day it should be. The general disposition was to make of it a holiday instead of a holy day. Many failed to grasp its real import and instead of observing it with reverence for the heroism of the men who preserved to the people of this nation the form of government handed down by their fathers, they took it as an occasion for sports and festivities.

In cemeteries all over the land, men, women and children would decorate the graves of the soldier-dead with sweet flowers, and it was not until the day do so. But they should not forget the lesson taught by the men who imperiled their lives for the perpetuation of the country was in danger. The deeds of these men should be a perpetual incentive to the living to be always ready to respond to the call of duty, no matter when or where it came.

The country was cheerfully keeping up a vast pension list, spending enough money annually to pension soldiers to sustain the standing armies of Europe, and it would continue doing so. But, great as was this testimony to the men who fought the country's battles, it was not enough for the debt owed to them could never be fully cancelled.

MRS. THOMAS EXPIRES

Wife of Postmaster Dies From Blood Poisoning—Husband Low With Erysipelas.

Mrs. Annie M. Adams Thomas, wife of Postmaster Arthur L. Thomas, died shortly after 9 o'clock yesterday morning at the residence, 105 B street, from blood poisoning. The infection was caused from nursing her husband, who is recovering from a severe attack of erysipelas. Mrs. Thomas was taken ill about ten days ago. The infection set in from a small scratch on the middle finger on the left hand by coming into contact with the diseased skin. Last Saturday Dr. P. S. Keogh amputated the finger and hopes of her recovery were entertained. The poisoning acted so quickly, however, that her arm became infected and it was amputated. Thursday evening Mrs. Thomas was thought to be somewhat better and her recovery was looked for. Early yesterday morning Mrs. Thomas became worse and steadily weakened until the end came.

Postmaster Thomas is still ill, but it is believed that he will recover. The absent members of the family were telegraphed for Thursday morning when the condition was considered serious.

Mrs. Thomas' maiden name was Rheinburg. She was born in Washington, D. C., May 3, 1856, and was a sister of Postmaster Thomas' first wife who died in Salt Lake City about seventeen years ago. She was married first to J. G. Adams, who died here about two years ago and by whom she had seven children—four boys and three girls. They are Arthur D. Mrs. Bert E. McIntosh, William, Annie, Carl, Max and Catherine. All live in Salt Lake except Max, who is a student at Georgetown university. She came here about twelve years ago with her husband, who became chief clerk at the Utah commission.

She was married to Mr. Thomas Feb. 9 last, in Washington. Shortly afterward they returned to their home in Salt Lake.

The funeral, which will be held at 2 p. m. tomorrow, will be private.

STATE STREET REALTY

Two Lots Between Third and Fourth South Bring \$15,000 Each—Local Capital Interested.

If local and Los Angeles capital keeps on there will be nothing left but "standing room only" in the way of realty on State street. Hardly a day has gone by during the past two weeks but that the announcement of some transfer on this street has been made, and now comes the sale of two more lots between Third and Fourth South streets at \$15,000 each.

One lot is 40½ feet in frontage, on the west side of the street below the strip purchased Tuesday through the Clayton company. The other is just opposite and has a frontage of 50 feet. The ground was sold at the rate of \$300 per foot. It is understood that the purchases are in the nature of speculation, and that no improvements in the way of buildings are contemplated. The lot of the purchaser is withheld for the present, although representing local capital. The deals were closed yesterday.

MUST ALTER BUILDING.

City Officials Visit Salt Palace and Inspect the Structure.

Mayor pro tem, A. J. Davis, and the other members of the council finance committee visited the Salt Palace yesterday, accompanied by Fire Chief William H. Bywater, for the purpose of making an inspection of the building.

It is proposed to open it as a place of amusement in the near future, but before that is done Chief Bywater insists that it be made safe. In order to do this, he says, extensive alterations will have to be made in the interior arrangements of the building. The lessee has applications for licenses pending before the council, and these have been referred to the finance committee for a report, which will be made at the meeting of the council to be held next Monday night.

PLANNING FOR A HOME.

CONTROVERSY BETWEEN CANADA AND THE STATES

Washington, May 26.—Pending the answer of the Washington government to the Canadian government's contention that the law establishing the international waterway commission provided for the people of this nation to be included in the scope of the committee, no further meetings will be held. The matter failed to grasp its real import and instead of observing it with reverence for the heroism of the men who preserved to the people of this nation the form of government handed down by their fathers, they took it as an occasion for sports and festivities.

In cemeteries all over the land, men, women and children would decorate the graves of the soldier-dead with sweet flowers, and it was not until the day do so. SUCCESSFUL RAID.

General Mischenko Did Great Damage to the Enemy.

St. Petersburg, May 26.—News of a successful cavalry raid by Lieutenant General Mischenko comes in the following dispatch from Lieutenant General Linavitch to the emperor, dated May 25: "A cavalry detachment commanded by Lieutenant General Mischenko, composed of a portion of the South Caucasian brigade and trans-Baikal Cossacks, while engaged May 17 in repulsing the enemy to the southward, approached Sunkutouchay. On May 18 squadrons of the vanguard succeeded in reaching the Fakoman road, where they burned a stores depot and destroyed the telegraph for a considerable distance. Large bands of Chinese bandits encountered by the detachment were partly annihilated and partly dispersed.

"On May 19 the main body arrived at the Fakoman-Shifudzy road and found the heights south of Fakoman occupied by large Japanese force consisting of guards and infantry with machine guns. The Russians attacked and annihilated two Japanese companies and captured another company with all its officers and two machine guns.

"The Russians seized a road on the right bank of the Liao river and dispersed near Shifudzy a transport train seven vessels (4 2-5 miles) long, with rice, tinne food and fruit, destroyed the telegraph line and took several prisoners and 100 horses.

"On the return journey the Russians dispersed several bands of Chinese bandits. The prisoners taken number five officers and 234 men."

SELL SCHOOL PROPERTY

Thirteenth Ward Piece of Land Goes For \$27,687.50—Teacher Garnished.

The board of education held a special meeting last night, at which an offer made by Kelsey & Gillespie for the Thirteenth ward school property was accepted. This property is on Second South street, just east of the Grand theater, and has a frontage of 119 feet. The bid of the firm was \$27,687.50. There are really two tracts. One of which the frontage is sixty and one-half feet, \$250 per front foot was paid and on the other, which has a frontage of fifty-eight and one-half feet, \$25 per front foot was offered. The money is to be paid as soon as the transfer is made.

Mathoniah Thomas called attention to the service of a notice of garnishment on the clerk of the board. One of the teachers said that he had gotten into debt and the creditor, failing by other means to collect what was due him, had caused the clerk to be garnished. Mr. Thomas said that while this was the first case of the kind, a law permitting the garnishment of school teachers and other public employees who failed to settle with their creditors had recently gone into effect, and it might be that the teacher would be so many garnishments of the wages or salaries of teachers and janitors in the employ of the board that it would become necessary to hire an assistant clerk to look after school laws, and after a brief discussion this motion was adopted.
